General Information

What Is LLI?

In association with Northern Virginia Community College (NOVA), the Lifetime Learning Institute of Northern Virginia (LLI/NOVA) is a non-profit, member-run organization dedicated to providing continuing educational opportunities to older adults of all backgrounds and income levels. LLI/NOVA is a member of the Road Scholar Institute Network (RSIN) and benefits from the services RSIN provides in program development.

LLI membership is especially attractive to individuals 50 years old or older (retired or semi-retired) who are interested in pursuing intellectual enrichment and enjoying social interaction with their peers.

LLI:

- is governed and financed by members.
- is supported by member-led planning, administration, and instruction.
- provides non-credit, non-degree courses.
- offers educational, cultural, and social events.
- recognizes that physical and mental health are major elements of vital aging.

What Do We Have to Offer?

- Participation in courses and special interest groups throughout the year, usually without charge.
- Participation in day and overnight trips at the special membership rate.
- Participation in the group overseas Study/Travel Program.
- Attendance at social events such as the winter holiday luncheon.
- Monthly newsletter.
- And hopefully, new friendships.

In addition, affiliation with both NOVA and RSIN means that, as a member of LLI/NOVA, you are entitled to a Community Patron card, obtained from the NOVA library by showing a picture ID. This entitles members to use the NOVA library, located on the third floor of the Godwin Building. Up to three books can be charged out for three weeks; they can be renewed online for an additional period. Go to <http://www.nvcc.edu/library> for more information. There is no cost for the card.

How Are the Courses Organized?

Courses generally consist of one to ten 90-minute sessions, are informal, and frequently include group discussion. They are taught by outside faculty and by your fellow LLI members. Most courses are free to members, but some include assigned reading and purchase of a textbook, or require a small materials fee.

When Are the Classes and Where?

Classes are offered throughout the year, subdivided into Winter/Spring, Summer, and Fall semesters. They are typically held on weekdays between the hours of 10:00 a.m. and 3:00 p.m. The courses are held on the NOVA Annandale campus and off-campus in churches, community centers, and other suitable locations. See full addresses of class locations starting on page 14.

How Do I Become a Member and What Is the Cost?

Complete the membership application form found on pages 21 and 23, and mail with your check to the address shown. The current annual membership fee is \$110. The membership period is for 12 months beginning with the month in which dues are paid.

How Do I Register for Classes and Tours?

Complete the class registration form found on pages 17 and 19, listing the courses you wish to attend *in order of preference*. Mail to the LLI office with a self-addressed, stamped envelope and any applicable fees as soon as possible; *registration for classes closes Friday, May 5, 2017*. Your registration form will be mailed back to you in your self-addressed envelope shortly after the closing date, but in advance of the first class, indicating whether you have been accepted, wait-listed, or whether the class has been cancelled. **As a courtesy to other LLI members, please call the Coordinator listed in the specific course description if you will not be able to attend part or all of a course after you have been accepted. This will give members on a waiting list an opportunity to attend.**

As a general rule, LLI courses are open to LLI members only. However, there may be occasions when non-members may attend (or may be invited to attend). Course Coordinators are authorized to admit non-members when appropriate, and when space is available. **Please note that if you are wait-listed for a course, you are not “accepted” unless notified.**

What Is the Monthly Forum?

Members and non-members are warmly welcomed as guests to attend the Speakers Program and Open House Forum. The Forum is held monthly (except December and during the summer) at 10:00 a.m. in the Richard J. Ernst Community Cultural Center (see map on page 4) on the NOVA Annandale Campus (see page 5 for schedule). For more information, call the LLI office at (703) 503-0600 or check the website at <http://lli.nova.org>; also see information in the LLI monthly newsletter. Persons attending these Forums should park in the garage on Center Drive next to the Ernst Center. There is a \$2.00 per hour charge to park in the garage.

What Are the Cancellation Policies?

If the Fairfax County Public Schools (FCPS) cancel school for the day due to inclement weather, all LLI classes, special interest groups (SIGs), and Forums are cancelled regardless of location. LLI morning activities are cancelled if the FCPS announces a 2-hour delay in class openings; LLI afternoon activities are cancelled if the FCPS announces early dismissal. Trips and social events will take place unless cancelled at the leaders' directions.

When Is the Registration Deadline?

The registration deadline for the courses in this catalog is *Friday, May 5, 2017*.

They enjoy seeing not only the “must see” places, but also encountering the traditions, people and culture of their destinations.

Course 17S12P Wonder Woman and Women’s Suffrage (National Park Service) (1 Session)

Demigoddess. Amazonian warrior princess. Mousy secretary. We all know these qualities make up the one and only Wonder Woman, but what is perhaps less known is that her tools of the trade, her Lasso of Truth, bullet-repelling bracelets, tiara, and her existence itself, are based on incidents and images straight from the life of eccentric creator William Moulton Marston. Marston was inspired by the women’s suffrage movement of the 1910s and the intelligence of both his wife and girlfriend to create a new type of woman whom he believed should rule the world. Debuting in 1941 as an antidote to the hyper-masculinity and violence of other comic book characters like Batman and Superman, Wonder Woman was an immediate success and 75 years later continues to be an icon of strength and liberation for generations of young girls and women.

Date & Time: Wednesday, July 19, 1:30 p.m. — 3:00 p.m.

Place: Mason District Governmental Center (Main Community Room), Annandale

Class Size: Min. 25, Max. 90

HEIDI DIETZE is a Minnesota native who spent much of her childhood traveling through several mid-western states, visiting sites from the Santa Fe Trail to the Corn Palace. From this random trundling she developed an interest in history that led to an undergraduate degree in Holocaust studies and a graduate degree in film history. Ranger Dietze came to National Mall and Memorial Parks as a park ranger in 2002 following two years at the United States Holocaust Memorial Museum.

Course 17S13P Pop Culture in DC (National Park Service) (1 Session)

Washington, DC, and the area within its boundaries that are administered by the National Park Service are no strangers to events commanding national attention. However, not all of these headline-grabbing occurrences involve diplomacy or the workings of our federal government. Sometimes what is discussed at the water cooler is dominated by popular culture. Iconic figures of entertainment, whether it’s sports, film, music or other varied aspects of leisure time, have dominated discourse in the federal city at one time or another. This course is a trip down memory lane, filled with nostalgia. Memories may be rekindled, and some surprises may be had. Nevertheless, fun and trivia abound!

Date & Time: Wednesday, July 26; 1:30 p.m. — 3:00 p.m.

Place: Mason District Governmental Center (Main Community Room), Annandale

Class Size: Min. 25, Max. 90

Course 17S14P Bicycle Riding for the Chronologically Gifted (1 Session)

Bicycle riding for older people can be a source of enjoyment and a health benefit or an exhausting, aching, and miserable experience—depending on how you go about it. This presentation is aimed primarily toward those who haven’t ridden in years or have never mounted a bike. What are the risks and benefits? What are appropriate kinds of bikes and what do they cost? Where are good places to ride? How does one get started? How does one stay safe? The presenter has ridden 26,000+ miles since retirement and will provide useful insights from experience.

Date & Time: Wednesday, August 9; 1:30 p.m. — 3:00 p.m.

Place: St. Matthew’s United Methodist Church (Room 304), Annandale

Class Size: Min. 10, Max. 40

For 30+ years he has been involved with the development of methods to acquire and disseminate chemical information electronically, including database development, traditional online systems, optical media, and the World Wide Web. He holds a B.A. in chemistry from the University of California at Riverside, and an M.S. and Ph.D. in chemistry from the University of Maine. In 2005 he was awarded the Herman Skolnik Award for his pioneering work to develop and enhance electronic editions of chemical journals. Following retirement, Lorrin co-edited the standard reference book *The ACS Style Guide: Effective Communication of Scientific Information* (3rd Ed., Oxford University Press, 2006).

Course 17S15P Chemistry for Those Who Hate or Flunked Chemistry, Part II (1 Session)

What’s going on in chemistry these days? How do chemistry and related sciences affect important issues such as energy, transportation, the environment and our health? What are some controversial issues? How do some discoveries in the past impact us today? How do scientists communicate? Some whimsical topics will be included as well. These and other themes will be addressed, with emphasis on why it matters.

Thursday Morning

Course 17S16A Building Fine Boxes: From Rough Board to Final Product (1 Session)

Artist Dan Burke will show us the process of designing and then building a fine jewelry or keepsake box. He will also have hands-on exhibits for us to view. We'll learn about all the stages of box building, beginning with making decisions about shape, proportion, type of wood, visual impact and use. The wood grain is then examined to see which grain patterns work best for the various components. The rough wood is prepared for use, and after cutting, the joinery is prepared. Joinery is chosen depending on the strength necessary and its visual impact. Inside parts are then sanded and the box is glued. Finally, the outside is sanded and a finish applied. As a last step, the box may be lined and installed with components and/or trays.

Course 17S18P Study/Travel: Cruising Burgundy and Provence to the Côte d'Azur (2 Sessions)

In August, members of the LLI Study/Travel program will be taking a 12-day bus and river cruise tour in southern France. The tour will start in Paris, and after 3 days of seeing the highlights, move on through the Burgundy area to join our river cruise ship in Macon. From there, we will cruise on the Saone and Rhone Rivers south through Provence, disembarking in Arles and transferring to Nice. We will sample gourmet food and wine and cheese, and tour renowned cities such as Lyon, Tournon, Viviers, and Avignon. Did we mention wine?

In Study/Travel, however, we like to know before we go, so this overview course will provide a very brief introduction to the history, culture, geography, arts, architecture, and perhaps even food and drink of France, with a focus on Paris, Burgundy, and Provence. In two sessions, we will barely scratch the surface of this beautiful area, but it will hopefully prepare us for the main course to come on our trip.

Bob Huley will lead the presentation and hopes to have several guest lecturers who have lived and worked in this area of France to provide their personal perspectives.

This course should be of special interest to LLI members who will be participating in LLI's August trip to France but is open to all LLI members interested in all things French.

Saturday Morning

Course 17S24A Polymer as an Art Form (2 Sessions)

Note: This course meets on two Saturday mornings. Polymer clay is an art medium that is known for its versatility, pliability and simplicity to work with. It is an oven-bake modeling material composed of polymers, resins, coloring agents and fillers.

Part one of this course will cover caning and surface techniques in which students will work with polymer. The making of a cane is the Millefiori style used with glass, where a long tube of design is formed and sliced. Texture and paints can be applied to the surface of polymer to enhance the composition of the project. During class, each student will work on a project and will have time to bake and finish it.

Part two will cover color blending techniques. Color blending, also known as a "Skinner Blend," uses basic color theory to blend a spectrum of colors on one

sheet of polymer. Students will cure their designs and will then be able to take home their finished product.

Note: The instructor supplies all materials. A \$7.00 fee will be collected in class (exact change please).

Dates & Time: Saturdays, July 8, September 9; 10:00 a.m. — 11:30 a.m.

Place: Artisans United Craft Gallery, Annandale

Class Size: Min. 2, Max. 12

KATRINA SARLIN is a polymer artist and digital photographer who enjoys educating and encouraging others. An experienced IT project manager, she is a tool and techniques junkie. She finds the creative process fun and enjoys following an idea to wherever it leads her. Katrina takes techniques and turns them on their ear to see what will happen. This is a form of experimentation and discovery that can encourage creativity for an artist. Her hope is to encourage each person as an individual and as an artist to follow his or her creative voice.

Drive west on Little River Turnpike (Route 236). Pass the NOVA campus and Wakefield Chapel Road (second and third traffic lights). Take the next left (which does not have a traffic light) onto

Wakefield Drive; immediately turn right and then left into the church parking lot.

Directions from Braddock Road going East

Turn left onto Wakefield Chapel Road. Continue for approximately 1.3 miles (passing NOVA on the right) and turn left onto Virginia Avenue. At the stop sign turn right onto Wakefield Drive and then turn left into the church parking lot.

Classroom: Enter the classroom on the far left-hand side of the building through a basement door. However, if this side basement door is not yet open, enter the church through the main doors in the center. Follow the signs to the main church office. Right before the office is a stairwell on your left. You need to open the door to see the stairwell. Walk down one level and the classroom is a few feet from the foot of the stairs.
