

## Information on the Impact of White-Tailed Deer in Northern Virginia

This link contains a blog that we wrote covering many of the topics we discussed in the presentation today.

<https://armn.org/2020/05/09/white-tailed-deer-and-forest-health-in-northern-virginia/> There are other resources on our site, but this report is our most recent one, and it most closely follows the presentation today.

The Cary Institute has (in my opinion) the best research out there on ticks and Lyme disease. The attached link describes the effectiveness of small mammals at transmitting Lyme.
