LLI Student Award Program

Plans for the 2001 LLI Student Award Program are going forward. Publicity and on-campus availability of applications will commence in early February. Last year's program was very successful. Thanks to the generosity of LLI members, the amount of the award for this year has been increased to \$1500. A separate ongoing fund has been established to cover awards in future years. Tax-deductible contributions to LLI, designated specifically for the Student Award Program, are welcome any time to ensure the continuing success of this very worthy program.

Membership Renewal

Please check the mailing label on the envelope for your membership renewal date. Application forms are in the Spring catalog.
